

# Sigma is Your Single Source for Financial Assistance Procurement

## SIGMA FINDS MONEY FOR YOU

Sigma assists clients to obtain financial assistance from local, state, and federal programs to augment traditional funding mechanisms for Brownfield development and environmental cleanup. Sigma works closely with several Wisconsin reimbursement programs established to fund soil and groundwater cleanup activities. Sigma offers our clients full claim preparation and management services for projects conducted pursuant to the Wisconsin Petroleum Cleanup Fund Act (PECFA), Ag/Chem Program (ATCAP), and the Dry Cleaners Fund (DERF) programs. Our experience is not limited to Wisconsin; we have worked with many federal programs.

## CUSTOMIZED SOLUTIONS

Sigma will work with you to determine which financial assistance programs are right for your project and help you evaluate costs that might be eligible for reimbursement, grant, or tax credit and then assist you to obtain the appropriate funding. Some example programs with which we are experienced are:
